TABLE OF CONTENTS

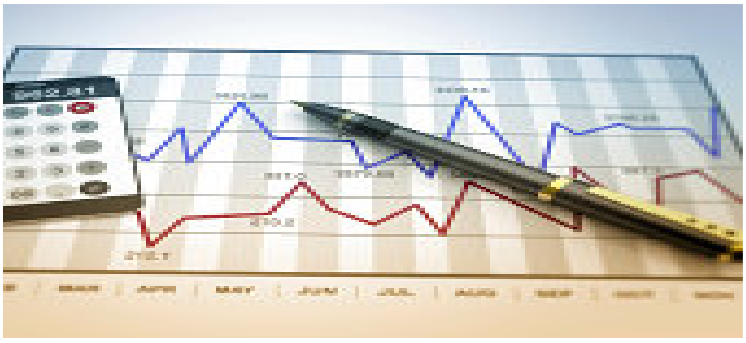
Budget and Staffing



The Central Office Human Resources section provides technical assistance and advice and ensures compliance with Civil Service Rules, EEOC/Affirmative Action, state law, and policies. This section also implements and monitors personnel-related programs such as employee relations, recruitment and retention, training, performance evaluations, employee transactions, and employee benefits, including accommodations under the Americans with Disabilities Act.

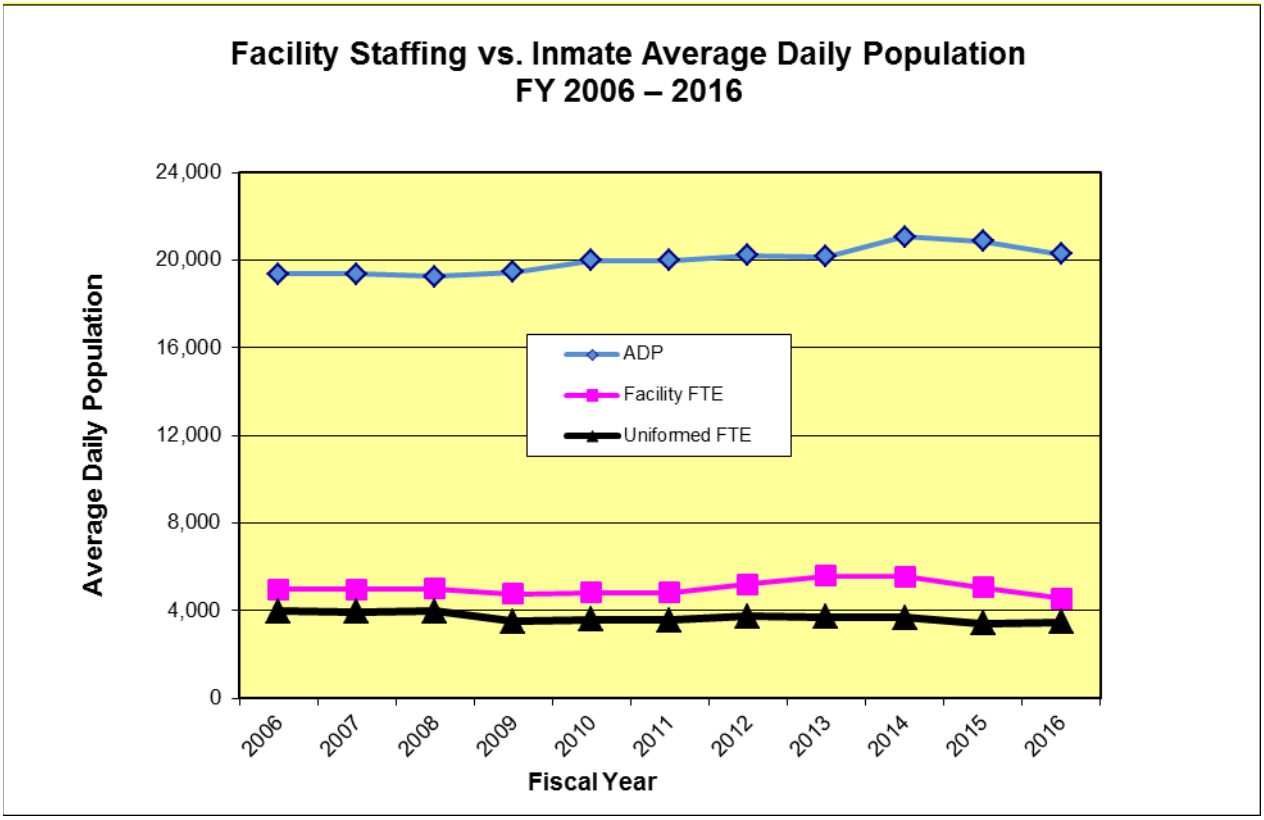
STAFFING TRENDS



Correctional facility staffing trends are presented in the graph above. They include data on total facility staffing (expressed in FTEs or full time equivalents) and uniformed security staffing levels as compared to the average daily inmate population.

Between FY 2006 and FY 2016:

- Inmate average daily population increased by 4.6%
- Total facility staffing decreased by 8.2%
- Total uniformed security staffing decreased by 12.4%.

SALARY COMPARISONS

The ability to recruit and retain qualified staff continues to be a concern for the Department. Because salary levels are critical in recruitment and retention of staff, the Department closely monitors other correctional and law enforcement agencies to compare its salaries with those offered by agencies performing similar functions.

State DOC	Average Starting Salary
Arkansas	$30,135
North Carolina	$29,826
Missouri	$29,652
Alabama	$28,516
Virginia	$28,035
Tennessee	**$27,329 (July 1, 2016)**
Kentucky	$26,400
Georgia	$26,322
Mississippi	$22,006

When compared to neighboring state correctional departments, TDOC ranks 6th in the average starting salary for correctional officers. Of the 15 states participating in the Southern Legislative Conference, Tennessee places 8th – with an average starting salary slightly above the SLC average of $27,139.

Source: Southern Legislative Conference – July 2015

Federal Bureau of Prisons	$39,858
Shelby County Sheriff's Office	$35,454
Davidson County Sheriff's Office	$38,097
Hamilton County Sheriff's Office	$32,090
Knox County Sheriff's Office	$30,813

TDOC also ranks low when compared to other correctional and law enforcement agencies located near some of our facilities. These are some of the agencies with whom we compete directly in the recruitment and retention of uniformed staff.

CORRECTIONAL OFFICER TURNOVER RATES FY 2016

Institution		Correctional Officer Series Turnover Rate
Bledsoe County Correctional Complex	BCCX	**36.7%**
DeBerry Special Needs Facility	DSNF	**35.2%**
Mark Luttrell Correctional Facility	MLCC	**26.8%**
Morgan County Correctional Complex	MCCX	**35.6%**
Northeast Correctional Complex	NECX	**17.1%**
Northwest Correctional Complex	NWCX	**46.8%**
Riverbend Maximum Security Institution	RMSI	**44.0%**
Tennessee Prison for Women	TPFW	**61.2%**
Turney Center Industrial Complex	TCIX	**31.8%**
West Tennessee State Penitentiary	WTSP	**34.2%**
Systemwide		**36.2%**

In FY 2016, the correctional officer turnover rate was 36.2% systemwide. The turnover rate includes all officers leaving positions, but excludes those occurring when an employee is transferred or promoted within the TDOC system in the correctional or probation/parole officer series.

FELON POPULATION TRENDS

The felon population data included in this Statistical Abstract is from the Tennessee Offender Management Information System (TOMIS) unless otherwise stated. Data from other sources may vary from TOMIS due to the time delay in the TOMIS data entry process. The data on this page and page 24 are from TDOC monthly population reports.

Fiscal Year-End Incarcerated Felon Population Trends

Over the past 12 fiscal years (2005 - 2016), the incarcerated felon population (including TDOC backup and locally sentenced felons) has increased 12.0% (from 26,209 to 29,362). The male and female felon population increased 8.9% (from 24,251 to 26,421) and 50.2% (from 1,958 to 2,941) respectively during this same period. During the past fiscal year, the total incarcerated felon population increased from 29,263 in June 2015 to 29,362 in June 2016, an increase of 0.3%. The male felon population decreased 0.5% and the female felon population increased 8.6% during FY 2016.

*Inmates who can not be assigned due to their status, which may include those in segregation or initial classification, etc.		

DRUG SCREENS: FY 2015 – 2016

Random drug screens are conducted monthly on 2.5% of the inmate population. These screens are necessary to identify the use of substances frequently used in prison. Substance abuse program participants are given an initial urine screen at the beginning of the program and are subject to facility random and reasonable suspicion testing throughout the program. All positive screens are confirmed through additional testing, and graduated sanctions are used for any positive drug screen.

Inmate Drug Screens

FY 2016				FY 2015	FY 2014	SA Program
Quarter	Number Tested	# Positive/	% Positive/	% Positive	% Positive	Average FY 2016
1st	878	45	5.13%	3.01%	2.45%	
2nd	757	48	6.34%	5.08%	1.94%	
3rd	943	69	7.32%	4.74%	3.28%	7.09%
4th	610	64	10.49%	5.86%	3.89%	
Yearly	3188	226	7.09%	4.86%	2.99%	

Although the number of drug screenings administered increased from 2,780 in FY 2015 to 3,188 in FY 2016 (15%), the percentage of positive drug screens only increased slightly more than 2%.

REHABILITATIVE SERVICES DIVISION

Office of Clinical Services

The Office of Clinical Services operates under the leadership of the Assistant Commissioner of Rehabilitative Services. The Office of Clinical Services supports the mission of the TDOC by providing quality healthcare in the most efficient, cost effective, and ethical manner possible to its more than 20,000 inmates, while protecting the public health interest of the citizens of Tennessee. Upon intake into our prison system, all offenders receive extensive medical, mental health, dental and substance use screening and testing to identify their health status and treatment needs. Each of the Department's facilities provides an on-site health clinic that offers a full range of healthcare services (e.g., daily sick call visits, chronic disease clinics, dental care, case management pharmacy, utilization management, inpatient services, out-patient services, infirmary services, tele-health, tele-psychiatry suicide crisis intervention, and emergency care).

Health Services

Health Services strives for the provision of essential medical and dental care and the elimination of costly expenditures attributed to unnecessary procedures through extensive inpatient utilization management efforts, statewide nursing skill assessment, and development and clinical case management. The goal of utilization management is to encourage the highest quality, in the most appropriate setting, from the most appropriate provider. Through the utilization management program the Department seeks to avoid overuse of medical services by making clinical decisions based on available evidence based guidelines.

The Nursing Skills Development Program ensures that all TDOC nurses are both competent and up to date in their ability to utilize each facility's infirmary to its full potential, thus decreasing the number of inmates needing costly emergency room treatment and hospitalization for minor and chronic conditions. This also allows for shorter inpatient days when hospitalization is medically indicated and a quicker return to the inmate's assigned facility, due to follow up care being performed on site (i.e. completion of IV antibiotics and limited chemotherapeutic agents). Additionally, Control measures have been established to track hospital admissions and transfers to the emergency room. One of the newer programs implemented was On-site Chemotherapy Infusion Program (OChIP). This program further reduces the number of days a patient would have to remain in the hospital for their treatment. New innovations to reduce inpatient stays include the implementation of the Regional Infirmary system. This program has facilitated placing sub-acutely ill patients at regional sites, thereby reducing overall hospital stays. Finally, the endoscopy program utilizes onsite services to avoid costly hospital admissions.

.

Hospital admissions initially decreased in FY 2013. Admissions have remained fairly constant averaging approximately 735 admissions per year over the past four fiscal year periods (see Figure 1). Telehealth has increased approximately 428% from 2013 to present (see Figure 2).

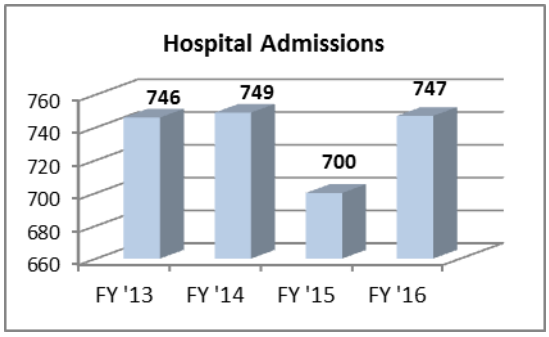

Figure 2

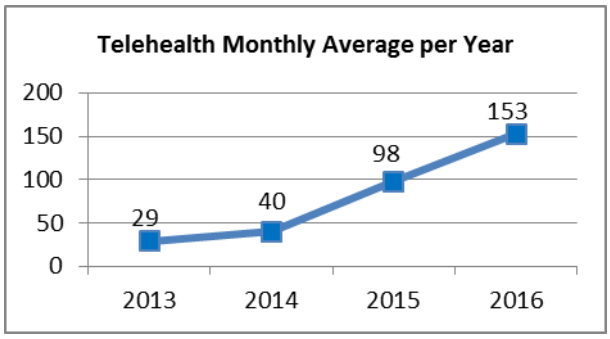


Tennessee Department of Correction Collaborates with Tennessee Department of Health

In October 2015, the TB Elimination Program, HIV/STD & Viral Hepatitis Program, Information Technology Services Division and Laboratory Services of Tennessee Department of Health (TDH) collaborated with the Tennessee Department of Correction (TDOC) to screen and test all new male and female inmates for TB infection, HIV, syphilis, gonorrhea and chlamydia. Results: Following pilot testing at both facilities, from December 2015 through May 2016 a total of 16,166 tests for five diseases were obtained. The aggregate test positivity rates were: TB infection – 5.0%; HIV infection – 0.8%; syphilis – 1.0%; gonorrhea – 2.2%; and chlamydia – 0.2%; positivity rates differed by gender. The combined IGRA indeterminate test rate was <0.2%. Conclusion: Integrated prison intake screening for five diseases of public health importance has been successfully implemented in Tennessee. PCSI provides opportunities for disease surveillance, diagnosis, treatment and prevention.

Behavioral Health Services

Behavioral Health Services sets policy standards for the delivery of mental health, substance use, and sex offender treatment services, and evaluates the care provided throughout the TDOC system. The goals are to (1) reduce the debilitating effects of serious mental illness and maximize each inmate's ability to participate in programs while maintaining a safe prison environment for inmates and staff, and (2) help prepare inmates with mental illness, substance use, and/or sex offender treatment needs to successfully transition from incarceration back to the community. Behavioral Health Services collaborates with mental health and substance use treatment vendors to provide specialty services (e.g., psychology, psychiatry, and substance use treatment). A continuum of services is provided including psychological assessment, case management, medication management, crisis intervention, individual/group therapy, substance use treatment services, and sex offender treatment.

- Standardized the curriculum for Centers of Excellence Level III and Level IV Supportive Living Units (SLU) at Bledsoe County Correctional Complex, DeBerry Special Needs Facility, Morgan County Correctional Complex, Northwest Correctional Complex; South Central Correctional Facility, Tennessee Prison for Women, and West Tennessee State Prison, to comprehensively address offenders' mental health and criminogenic needs.
- Expanded the use of telehealth for the delivery of psychiatric services.
- Maintained the percentage of inmates on polypharmacy (four or more psychotropic medications) to less than 4.0%.
- Implemented a Behavioral Health Model to integrate mental health and substance use treatment services at all facilities.
- Expanded services to inmates on restrictive housing at TPFW, BCCX, and NECX.

- Expanded substance use treatment services to provide programming and a Licensed Alcohol and Drug Abuse Counselor at every facility. These increased services will enable the Department to provide services to approximately 1,868 inmates on a yearly basis, serving 9.3% of Tennessee's incarcerated population. Increased collaboration between the Case Managers, Correctional Counselors, and Forensic Social Workers to ensure inmates with severe mental illness and/or substance use issues receive appropriate mental health care upon reentry back to the community.
- In collaboration with our mental health vendor, maintained a web-based reentry portal to identify community resources such as housing, transportation, medical care, etc., that are available throughout the state to assist offenders in overcoming barriers that commonly pose a challenge to successful transition back to the community.

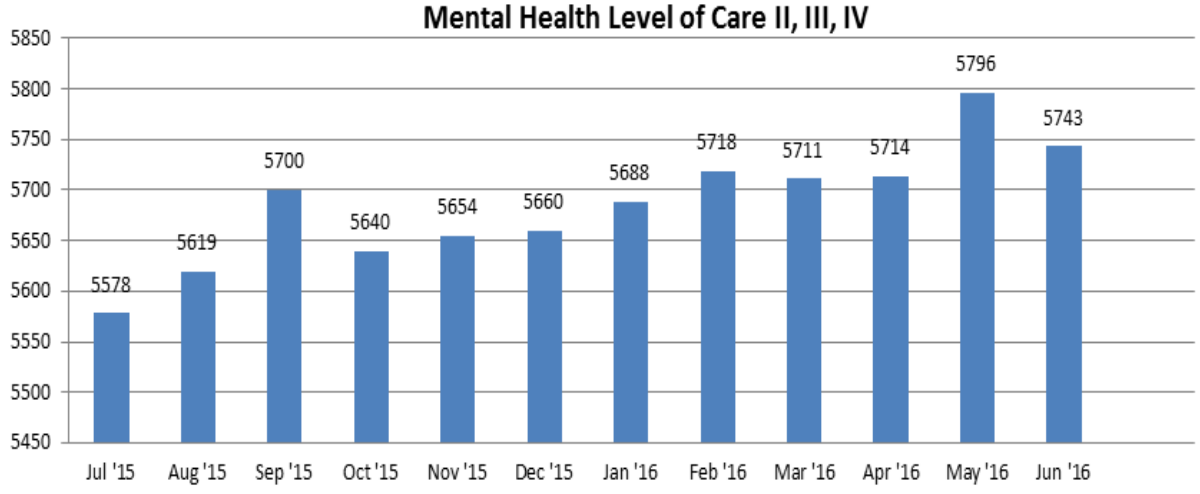
Behavioral Health Services has continued to utilize standardized protocols and guidelines for community transition of inmates with mental illness. The focus is treatment team effectiveness, case management, and transition/reentry of offenders with special mental health needs. Behavioral Health Services supports the use of behavioral and cognitive-behavioral interventions as an alternative to the exclusive reliance on psychotropic medication in addressing offenders' mental health issues.

The number of offenders with mental health needs continues to pose a challenge to TDOC. At fiscal year-end 2016, there were approximately 5,743 offenders who receive treatment for a diagnosed mental disorder. This number includes those in Levels of Care II, III, & IV; however, it excludes those offenders who are participating in treatment for a substance use disorder.

General Discussion

Approximately 20% of the offender population is receiving psychotropic medication for a mental illness. Inmates are assessed for their level of mental health functioning in accordance with a Levels of Care (LOC) system. The increase in the number of offenders receiving mental health treatment this fiscal year is 3%. The rate of growth is lower than the previous two years (29% and 8% respectively). Mental health treatment resources available through the continued implementation of the behavioral health contract reflect a more accurate assessment of the true mental health needs of the offender population. .

Figure 3
Mental Health Level of Care II, III, IV



Office of Quality Assurance and Improvement

The Office of Quality Assurance and Improvement (QAI) was established to ensure resources, including education, and treatment and programming, are delivered to offenders according to validated risk and needs assessment tools or clinical need in order to support successful reentry into the community. QAI managers audit programming in the institutions (e.g.,

academic/vocational, jobs, religious/social services) and community supervision offices (Thinking for a Change, Victims Impact and Stopping Abuse for Everyone- S.A.F.E.) to ensure compliance with TDOC policy and ACA standards. In addition, the office is responsible for Rehabilitative Services' Ombudsman duties which include the investigation and resolution of offender inquiries about all rehabilitative services concerns (e.g., clinical, educational, jobs, religious/social services) while incarcerated in TDOC institutions.

QAI is also the repository for the collection, analysis, and reporting of data for Customer Focused Government (CFG), Governor Haslam's initiative in which Tennessee state government agencies focus on offering the best service at the lowest possible cost. Data submitted from each facility is reviewed at weekly and monthly intervals to ensure offenders are receiving the most efficient and effective programs and services, and that those programs and services prepare offenders for a successful transition back to the community.

The QAI office also reinforces a corrective action process in which facilities that report below average results for any CFG measure are required to develop a plan of action with the objective of identifying most effective actions to correct error causes, improving processes so outcomes are more effective and efficient, achieving measurable improvement, and eliminating repeated deficient practices.

On the whole, the Office of Quality Assurance and Improvement incorporates a collaborative, evidence-based approach to measuring correctional intervention effectiveness through a continuous assessment process. This approach focuses on ongoing improvements from established benchmarks and measures, while ensuring programs are producing meaningful outcomes, such as customer service and preparing inmates for reentry, with the goal of reducing recidivism.

Office of Offender Development and Rehabilitation

The Office of Offender Development and Rehabilitation is a unit within Rehabilitative Services that is tasked with reducing recidivism through the following evidence-based programs and services:

- Risk/Needs Assessment
- Reentry Services
- Education
- Offender Workforce Development
- Counseling Services
- Inmate Jobs
- Volunteer and Social Services
- Cognitive-Behavioral Programming
- Housing
- Victim Services

The Office of Offender Development and Rehabilitation is continuously striving to develop best practices for the offender assessment, classification, case management and reentry services that are necessary to ensure offender reentry plans and program case plans are developed for each offender. The reentry plans and program case plans are specific to each offender and will be used throughout their incarceration to ensure that all their recommended program, education, and reentry needs are met. The Office of Offender Development and Rehabilitation has expanded its cognitive behavioral programming and reentry services to include offenders assigned to community supervision in order to ensure continuity in the delivery of the offender's programmatic needs. The Office of Offender Development is responsible for ensuring all offenders have access to educational, vocational and post-secondary educational opportunities, and for issuance of state identification, housing assistance, and employment assistance for offenders. The Office of Offender Development is also responsible for recruitment of volunteers and for oversight of community partnerships such as the "Take One" program. Take One is a program designed to provide mentorship and positive role models to offenders and their families in adjusting to society during the first year of release.

In January 2016, ACA, ACM, ASW, ASO, AOW, AOO, AVW, & AVO codes were added.
In January 2016, ASA, ASB, ASC, ASJ, ASD, ASE, ASF, ASK, ASG, ASH, ASI, ASM, ESE, ESP, & ESU codes were deactivated.
In January 2016, DRJ and DRQ were incorporated into DRS
In January 2016, DRS was changed from Drug Selling to Drug Possession / Selling / Use
An error was detected in previous reports and corrected within the October 2015 report. Descriptions of IHB & IHC were reversed.
Please note that incidents reported may include more than one participant while other incidents are by definition about a single participant (ex: death or suicide).
Incident rates (per 100 inmates) are calculated on the basis of the average inmaate population by facility and system wide.

STATISTICAL ABSTRACT USER'S GUIDE

Population, Capacity, & Trends

TDOC Backup: Felons sentenced to TDOC custody and held in local jails while awaiting transfer to a TDOC institution.

Local or Locally Sentenced: Convicted felons sentenced to serve their time in a local jail. As felony offenders, these persons are under TDOC jurisdiction.

Other Convicted Felons: Convicted felons awaiting sentencing or not yet ready for transfer to TDOC because of other pending charges. Includes technical violators awaiting probable cause/revocation/rescission hearing or adjudication of pending charges.

Convicted Misdemeanants: Inmates serving time because of a misdemeanor conviction.

Pre-Trial Felony Detainees: Inmates charged with a felony but not yet convicted.

Pre-Trial Misdemeanant Detainees: Inmates charged with a misdemeanor but not yet convicted.

Others: Inmates held in local facilities for federal crimes, city ordinances, etc.

Community Corrections: A grant program created in 1985 as an alternative to incarceration. Programs are developed based on the individual needs of the area served.

Probation: Felons subject to conditions imposed by the court and subject to community supervision without incarceration.

Parole: Felons originally sentenced to an incarceration period and released to serve the remainder of their sentence under community supervision.

Offender Accountability, Programs & Services

Level of Care: An inmate's need for mental health services based on their ability to function in general population.

Level I: No mental health services are indicated for the inmate. Adjustment and function in the general population is not impaired by mental illness.

Level II: Mental health outpatient services are indicated when an inmate's ability to function in general population is mildly impaired due to mental illness and/or mental retardation or is not currently impaired but he/she needs monitoring.

Level III: Supported living unit services are indicated when an inmate's ability to function in general population is moderately impaired due to a serious mental illness. This designation reflects a tenuous mental status that is easily overwhelmed by everyday pressures, demands, and frustrations.

Level IV: Supported living unit services are indicated when an inmate's ability to function in general population is severely impaired due to serious and persistent mental illness. This level reflects active symptoms of a major mental illness and impaired reality testing.

Demographics

Class A Incidents: Events which involve life threatening matters and breaches of security that are likely to cause serious operational problems, imminent threat to the control and order of a facility and/or to the community

Selected other incidents: Less serious events where injury to staff, visitors and/or inmates may or may not have occurred that cause the disruption of the normal facility operation, or which pose a possible risk to the health or safety of the general public that did not require the involvement of outside agencies in institutional functions, as well as events that pose no threat to the local community, or to the safe and secure operation of the institution.

Please note that most incidents reported in the monthly summary may include more than one participant or infraction while other incidents are by definition about a single participant (ex: death or suicide).
