Meeting ID: 274 671 045 963

Passcode: dXQVuH

Or call in (audio only): [+1 629-209-4396, 452688985#](tel:+16292094396) United States, Nashville Phone Conference ID: 452 688 985#

Agenda

1:30 – Introductions, Agenda Review	Donovan Grimwood
1:35 – Changes to SBEAP staff	Donovan Grimwood and Crystal Warren
1:40 – Report on National SBEAP Annual Training	Donovan Grimwood and Crystal Warren
1:55 – Additional SBEAP successes	Donovan Grimwood
2:00 – General permit for Nonmetallic Mineral Process and Sizing Operations	Donovan Grimwood
2:20 – Open Forum	
2:30 – Adjourn	

Changes to SBEAP staff

Crystal has received a promotion, but is still within OSP and working with SBEAP.

Report on National SBEAP Annual Training

National Annual Training was considered a great success! Wide range of topics and many favorable comments

Additional SBEAP successes

General permit for Nonmetallic Mineral Processing and Sizing Operations

Public hearing held on March 28th on Nonmetallic Mineral Processing and Sizing Operations General Permit (referred to as Rock Crushing General Permit). This is aimed to complete development of a general permit for rock crushers and other similar nonmetallic mineral processing of which there are several in TN with some larger companies owning multiple quarries. In addition, this would cover temporary quarries such as borrow pits for roadbuilding or larger construction projects such as at the Nashville airport or potentially Blue Oval City as examples. SBEAP provided comments in support of the general permit, but also noted some issues with the draft permit that had also been discussed with APC just prior. These issues were also noted by several industry comments that APC received. Further work with APC is planned to complete development of the general permit. [Use this link to see the public announcement and the draft permit](#) as publicly posted for comment.
