# Hazardous Waste Permitting Activities 3rd and 4th Quarters Update

Presented to the  
Underground Storage Tanks and  
Solid Waste Disposal Control Board

August 5, 2020

# Introduction

Tennessee statute requires a quarterly update on the **timeliness** of permit processing by the Division of Solid Waste Management (DSWM) to be provided to the Board. This report is for the State's combined Third and Fourth Quarters running from January 1, 2020 to June 30, 2020.

Tennessee regulations specify **time limits** for applications:

- Completeness reviews/determinations
- Approval or denial (Class 2 modifications and new commercial applications)
- For the following:
  - Part B permit applications
  - Class 1 and <sup>1</sup>1 permit modifications
  - Class 2 permit modifications
  - Class 3 permit modifications
- TDEC issues Notice of Deficiencies/Comments if submittal is incomplete
