

From TDEC OEA Regional Director Tara Wohlgemuth:

Ordinance passed by Putnam County to address "Health and Safety Standards," i.e. the County Powers Act. There is a description and a form to report code violations on their website: <https://putnamcountyttn.gov/county-ordinances>

Ben Rogers helped usher this through. He is a Putnam County Commissioner and works as a CTAS consultant. He may be willing to assist counties directly with getting the County Powers Act enacted: ben.rodgers@tennessee.edu
