

Who needs to register?

Persons having possession of any radiation machine or accelerator are required to register with the Tennessee Division of Radiological Health (DRH).

How much does it cost?

An initial registration fee will be assessed after the submission of a completed registration. Additionally, an annual registration fee will be required each year as long as the radiation machine or service is subject to registration.

- Class I: \$85 per tube
- Class II: \$195 per tube
- Class III: \$286 per tube
- Class IV: \$390 per tube
- Class V: \$780 per tube
- Class VI: \$1,170 per tube
- Class VII: \$2,600 per machine.

An initial review fee will be assessed \$375 per nominal MeV only for Class VII.

How often are Inspections?

- Class I - once every four years
- Classes II and V - once every two years
- Classes III, IV, VI, and VII - once every year

Penalties for violations can reach up to \$5,000 per day per violation.

YOU
THE POSSESSOR

**Must
register
within 10
days**

New equipment?

Fill out a registration form within 10 days of acquisition, applications can be found online at <https://www.tn.gov/environment/permit-permits/permit-radiological-health/x-ray-registration.html>

OR call us at 615-532-0364

Replacing equipment?

Send us a letter stating how the unit was "disposed" along with the date of disposition. If the unit is salvage and never to be used again, let us know. Did you trade it in? Let us know the name of the company receiving the unit. Plan on storing the unit? Let us know, the unit is still required to be inspected.

Questions?

Registration forms and assistance may be obtained from The Division of Radiological Health in Nashville.
